- (1) Assumes conversion of the entire amount of notes held by the selling securityholder at the rate of 81.8080 shares of our Class A common stock per each \$1,000 principal amount of notes converted. The number of shares of Class A common stock issuable upon conversion of the notes may be adjusted under circumstances described under "Description of Notes." Under the terms of the notes, cash will be paid instead of issuing any fractional shares.
- (2) Includes shares of Class A common stock that the selling securityholder has the right to acquire upon conversion of our 2.25% convertible notes due 2009 and 5% convertible notes due 2010.
- (3) Based on 220,396,852 shares of Class A common stock outstanding as of March 5, 2004.
- (4) We cannot estimate the amount of notes or the number of shares of Class A common stock issuable upon conversion of the notes that will be beneficially owned by the selling securityholders after any offering by the selling securityholders because they may sell all or a portion of the notes or the shares of Class A common stock beneficially owned by them. However, for purposes of this table, we have assumed that, after completion of the offering, none of the shares of Class A common stock covered by this prospectus will be held by the selling securityholders.
- (5) Nate Brown and Robert Richardson have voting and investment control over the securities beneficially owned by this selling securityholder.
- (6) Bruce McMahan, Saul Schwartzman and John Gordon have voting and investment control over the securities beneficially owned by this selling securityholder.

**Investing in the notes and our Class A common stock involves a high degree of risk. See "Risk Factors" beginning on page 8 of the prospectus.**

We will not receive any of proceeds from the sale of notes or Class A common stock by the selling securityholders. The selling securityholders may sell the notes or Class A common stock either directly or through underwriters, broker-dealers or agents and in one or more transactions at market prices prevailing at the time of sale or at negotiated prices.
