This prospectus supplement relates to the resale by the holders of our 3.00% convertible notes due August 15, 2012 and the shares of our Class A common stock issuable upon conversion of the notes. This prospectus supplement also relates to the issuance and sale of our Class A common stock issued upon the conversion of the notes by subsequent purchasers of the notes.

You should read this prospectus supplement together with the prospectus dated April 15, 2005, which is to be delivered with this prospectus supplement. The terms of the notes are set forth in the prospectus.

- (3) Based on 230,647,167 shares of Class A common stock outstanding as of April 1, 2005.
- (4) We cannot estimate the amount of notes or the number of shares of Class A common stock issuable upon conversion of the notes that will be beneficially owned by the selling securityholders after any offering by the selling securityholders because they may sell all or a portion of the notes or the shares of Class A common stock beneficially owned by them. However, for purposes of this table, we have assumed that, after completion of the offering, none of the shares of Class A common stock covered by this prospectus will be held by the selling securityholders.
