Item 7. Management's Discussion and Analysis Of Financial Condition and Results of Operations

1. Reference is made to page 30 where you discuss the ongoing transition from 2G to 4G technology in India. We also note your growing presence within India through acquisitions in the last few years and the dynamic and evolving environment such as the accelerated consolidation of carriers in the marketplace. Given such facts and circumstances, please expand your discussion in future filings to include a more robust discussion and analysis of any known trends or uncertainties related to the current Indian marketplace and its reasonably expected impact upon your operations and any events that are likely to cause a material change in the relationship between costs and revenues. Reference is made to Rule 303(a)(3)(ii) of Regulation S-K and SEC Interpretive Release
