CORPORATION

# First Quarter 2023 Earnings Conference Call

April 26, 2023

# Agenda

---

## **Introduction**

Adam Smith  
*Senior Vice President, Investor Relations*

## **Opening Remarks**

Tom Bartlett  
*President and Chief Executive Officer*

## **Financial Results**

Rod Smith  
*Executive Vice President, Chief Financial Officer and  
Treasurer*

## **Q&A**

# Forward-Looking Statements

---

“Safe Harbor” Statement under the Private Securities Litigation Reform Act of 1995: This presentation contains forward-looking statements within the meaning of federal securities laws concerning our goals, beliefs, strategies, future operating results and underlying assumptions and other statements that do not relate to historical matters. Examples of these statements include, but are not limited to, statements regarding our full year 2023 outlook and other targets, statements regarding Vodafone Idea Limited (“VIL”) in India, projected dividend growth, foreign currency exchange rates and our expectations regarding the leasing demand for communications real estate. Actual results may differ materially from those indicated by these forward-looking statements as a result of various important factors, including those described in the appendix attached hereto, and those provided in Item 1A of our Form 10-K for the year ended December 31, 2022, each under the caption “Risk Factors,” and other filings we make with the Securities and Exchange Commission. We undertake no obligation to update the information contained in this presentation to reflect subsequently occurring events or circumstances. Definitions and reconciliations are provided at the end of the presentation.

# Consolidated Results Highlights

<i>\$ in millions, except per share data</i>	1Q23	1Q22	Y/Y Change	Y/Y FX-Neutral Change <sup>(1)</sup>
<b>Total property revenue</b>	<b>\$2,715</b>	<b>\$2,601</b>	4.4%	6.9%
<b>Total revenue</b>	<b>\$2,767</b>	<b>\$2,660</b>	4.0%	6.5%
<b>Net income attributable to AMT common stockholders</b>	<b>\$336</b>	<b>\$712</b>	(52.8%)	N/A <sup>(2)</sup>
Per diluted share attributable to AMT	\$0.72	\$1.56	(53.8%)	N/A <sup>(2)</sup>
<b>Adjusted EBITDA</b>	<b>\$1,763</b>	<b>\$1,624</b>	8.6%	9.9%
<i>Adjusted EBITDA Margin</i>	63.7%	61.0%		
<b>AFFO attributable to AMT common stockholders</b>	<b>\$1,185</b>	<b>\$1,167</b>	1.5%	2.7%
Per diluted share attributable to AMT	\$2.54	\$2.55	(0.4%)	0.8%

(1) See reconciliations for FX-neutral growth rates on page 21 of this presentation.

(2) The impact of foreign currency exchange rate fluctuations on net income attributable to AMT common stockholders and net income attributable to AMT common stockholders per diluted share is not provided, as the impact on all components of the net income measure cannot be calculated without unreasonable effort.

Treasurer**

# Q1 2023 Property Revenue

(\$ in millions)

- Acceleration in Organic Tenant Billings Growth across U.S. & Canada and International
- 1,300+ new builds, the 11<sup>th</sup> consecutive quarter exceeding 1,000 sites
- ~10% revenue growth in U.S. Data Centers; another record quarter of signed new business

**Solid Start to the Year, Exceeding Initial Q1 Expectations**

(1) See reconciliations for FX-neutral growth rates on page 21 of this presentation.

(2) Organic Tenant Billings Growth is not applicable to the Data Centers segment. For additional details related to the Data Centers segment, please refer to the supplemental disclosure package available on the Company's website.

(3) Sprint churn reflects both churn as part of the MLA with T-Mobile US, Inc. (the "T-Mobile MLA") and churn that is expected to occur outside of the T-Mobile MLA.

# Q1 2023 Adjusted EBITDA and Attributable AFFO

(\$ in millions)

- ▶ Prudent cost controls driving high revenue conversion, resulting in margin expansion
- ▶ Cash SG&A as % of Property Revenue declining ~50 bps to ~7.1%
- ▶ Financing costs providing a growth headwind of ~9.5% on a per share basis

## Cost Management Driving Margin Expansion

(1) See reconciliations for FX-neutral growth rates on page 21 of this presentation.

# Updating 2023 Property Revenue Outlook<sup>(1)</sup>

(\$ in millions)

- › Decreasing Property Revenue outlook midpoint by \$20 million vs. prior outlook
- › FX improvements partially offsetting the sale of the Mexico Fiber<sup>(3)</sup> business

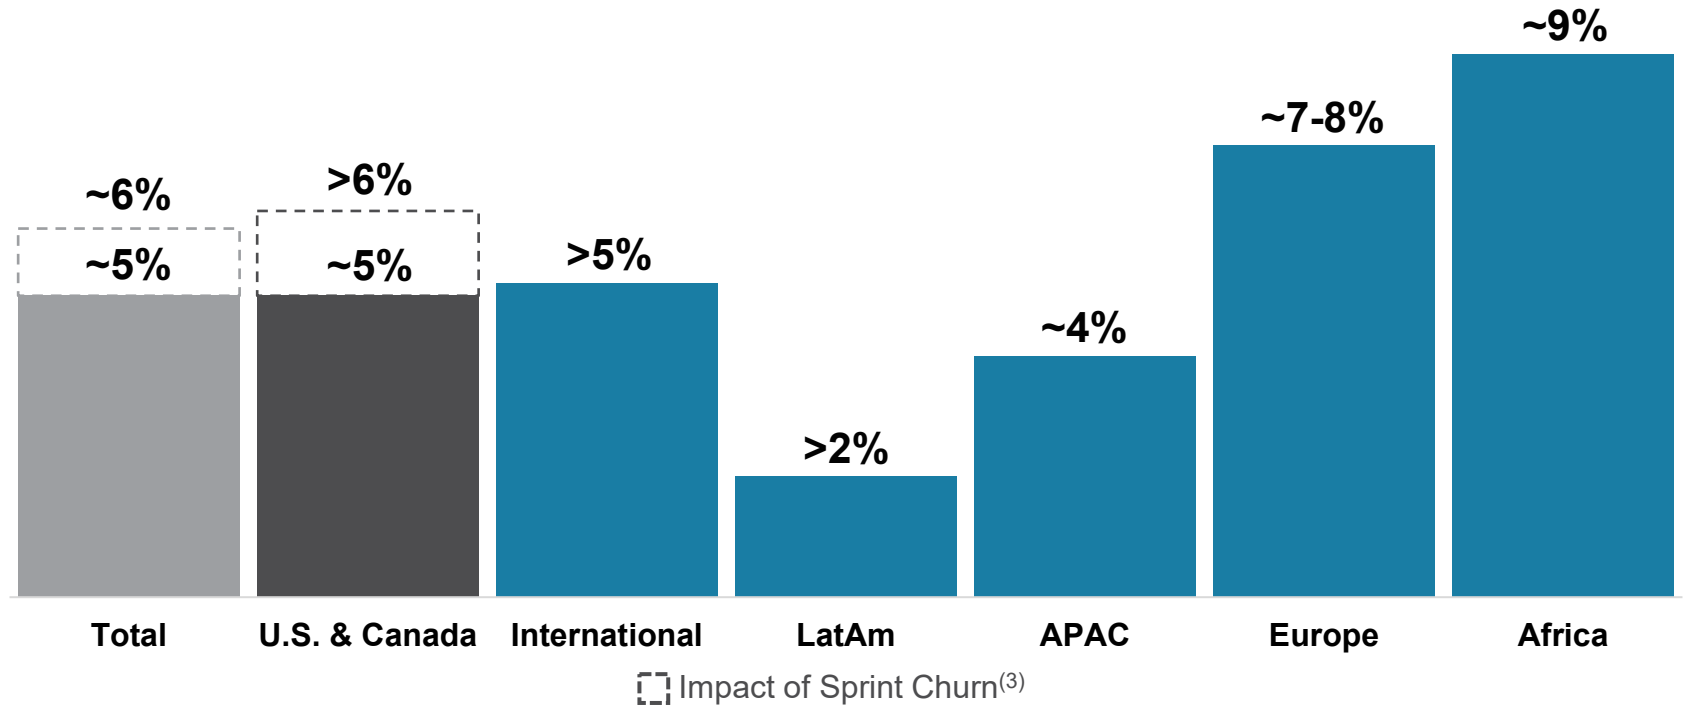

(1) Reflects 2023 outlook midpoints, as reported in the Company's Form 8-K dated April 26, 2023.

(2) See reconciliations for FX-neutral growth rates on page 21 of this presentation.

(3) On March 29, 2023, the Company completed the sale of one of its subsidiaries in Mexico that held fiber assets ("Mexico Fiber").

# Reiterating 2023 Organic Tenant Billings Growth Outlook<sup>(1)(2)</sup>

- ▶ Continue to assume record new business contributions in the U.S. & Canada, and lower contractual Sprint churn
- ▶ Resilient International demand trends and CPI-linked escalator monetization; partially offset by temporary churn headwinds

(1) Reflects 2023 Outlook midpoints, as reported in the Company's Form 8-K dated April 26, 2023.

(2) Organic Tenant Billings Growth is not applicable to the Data Centers segment. For additional details related to the Data Centers segment, please refer to the supplemental disclosure package available on the Company's website.

(3) Sprint churn reflects both churn as part of the T-Mobile MLA and churn that is expected to occur outside of the T-Mobile MLA.

# Reiterating 2023 Adjusted EBITDA Outlook<sup>(1)</sup>

(\$ in millions)

- › Reiterating Adjusted EBITDA outlook midpoint
- › Strong cash revenue conversion rates; FX improvements offset by Mexico Fiber sale

(1) Reflects 2023 outlook midpoints, as reported in the Company's Form 8-K dated April 26, 2023.

(2) See reconciliations for FX-neutral growth rates on page 21 of this presentation.

# Updating 2023 Attributable AFFO Outlook<sup>(1)</sup>

(\$ in millions)

- › Raising Attributable AFFO per Share midpoint by \$0.05 vs. prior outlook
- › Mitigating modest Mexico Fiber sale dilution through FX improvements, lower cash taxes and net interest benefits

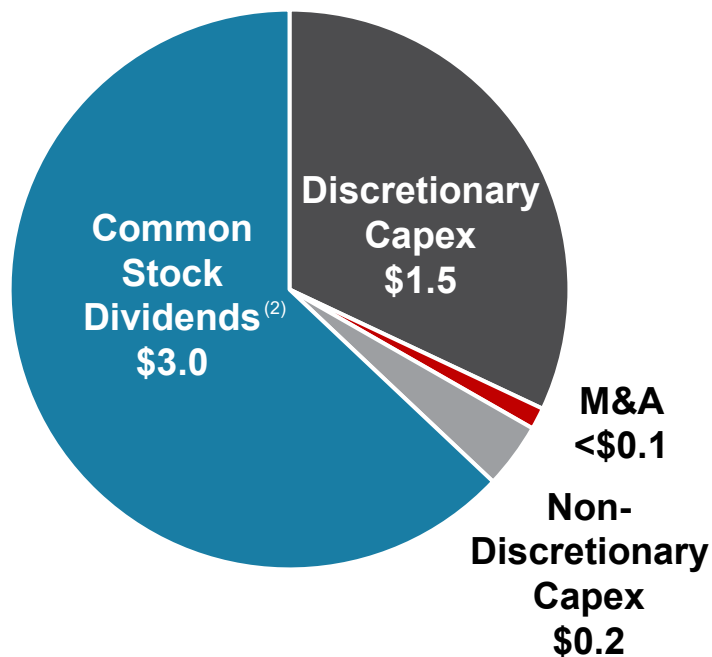

(1) Reflects 2023 outlook midpoints, as reported in the Company's Form 8-K dated April 26, 2023.

(2) See reconciliations for FX-neutral growth rates on page 21 of this presentation.

# Capital Allocation & Balance Sheet Management

(\$ in billions, totals may not add due to rounding)

## 2023E Capital Deployment<sup>(1)</sup>

## Balance Sheet Management

	12/31/2022	3/31/2023
Net Leverage (LQA)	5.4x	5.2x
Liquidity (\$B)	\$7.1	\$7.7
Fixed / Floating Rate Debt (%)	77.5% / 22.5%	79.4% / 20.6%
Weighted Average Remaining Term	5.6 years	5.8 years

- › 2023 capital plan targeting ~10% dividend per share growth<sup>(2)</sup> and accretive international new build and attractive data center developments
- › Q1 2023 financing activities reduced floating rate debt exposure, while extending maturities
- › Remaining focused on committed de-leveraging path over the next several years

(1) Reflects 2023 Outlook midpoint, as reported in the Company's Form 8-K dated April 26, 2023.

(2) Subject to board approval.

# In Summary

---

## **Strong Q1 Performance**

- › Consolidated Organic Tenant Billings Growth representing the highest quarter since 2017
- › Another record quarter of signed new business from CoreSite
- › 11<sup>th</sup> consecutive quarter of over 1,000 built sites, constructing 1,300+ in Q1 2023
- › Prudent cost controls across global business allowing for high conversion rates and margin expansion
- › Addressed 2023 financing needs, reducing floating rate debt exposure and extending maturities

## **Resilient Underlying Growth Engine Positioned for Long-Term Value Creation**

- › Expect sustained 4G and 5G investments to drive strong growth across leading communications infrastructure portfolio
- › Global scale, best-in-class operating capabilities afford accretive development opportunities
- › Reiterating commitment to investment grade balance sheet and disciplined approach to capital allocation

# Definitions

---

**Adjusted EBITDA:** Net income before income (loss) from equity method investments; Income tax benefit (provision); Other income (expense); Gain (loss) on retirement of long-term obligations; Interest expense; Interest income; Other operating income (expense); Depreciation, amortization and accretion; and Stock-based compensation expense. The Company believes this measure provides valuable insight into the profitability of its operations while at the same time taking into account the central overhead expenses required to manage its global operations. In addition, it is a widely used performance measure across the telecommunications real estate sector. The Company believes this measure provides valuable insight into the profitability of its operations while at the same time taking into account the central overhead expenses required to manage its global operations. In addition, it is a widely used performance measure across the telecommunications real estate sector.

**Adjusted EBITDA Margin:** The percentage that results from dividing Adjusted EBITDA by total revenue.

**Adjusted Funds From Operations (AFFO) attributable to American Tower Corporation common stockholders:** Consolidated AFFO, excluding the impact of noncontrolling interests on both Nareit FFO attributable to American Tower Corporation common stockholders and the other line items included in the calculation of Consolidated AFFO. The Company believes that providing this additional metric enhances transparency, given the minority interests in its Europe business and its data center business.

**AFFO attributable to American Tower Corporation common stockholders per Share:** AFFO attributable to American Tower Corporation common stockholders divided by the diluted weighted average common shares outstanding.

**Consolidated Adjusted Funds From Operations, or Consolidated AFFO:** Nareit FFO attributable to American Tower Corporation common stockholders before (i) straight-line revenue and expense, (ii) stock-based compensation expense, (iii) the deferred portion of income tax and other income tax adjustments, (iv) non-real estate related depreciation, amortization and accretion, (v) amortization of deferred financing costs, debt discounts and premiums and long-term deferred interest charges, (vi) other income (expense), (vii) gain (loss) on retirement of long-term obligations, (viii) other operating income (expense), and adjustments for (ix) unconsolidated affiliates and (x) noncontrolling interests, less cash payments related to capital improvements and cash payments related to corporate capital expenditures. The Company believes this measure provides valuable insight into the operating performance of its property assets by further adjusting the Nareit FFO attributable to American Tower Corporation common stockholders metric to exclude the factors outlined above, which if unadjusted, may cause material fluctuations in Nareit FFO attributable to American Tower Corporation common stockholders growth from period to period that would not be representative of the underlying performance of the Company's property assets in those periods. In addition, it is a widely used performance measure across the telecommunications real estate sector.

**Churn:** Tenant Billings lost when a tenant cancels or does not renew its lease or, in limited circumstances, when the lease rates on existing leases are reduced.

**International Pass-through Revenues:** A portion of the Company's pass-through revenue is based on power and fuel expense reimbursements and therefore subject to fluctuations in fuel prices. As a result, revenue growth rates may fluctuate depending on the market price for fuel in any given period, which is not representative of the Company's real estate business and its economic exposure to power and fuel costs. Furthermore, this expense reimbursement mitigates the economic impact associated with fluctuations in operating expenses, such as power and fuel costs and land rents in certain of the Company's markets. As a result, the Company believes that it is appropriate to provide insight into the impact of pass-through revenue on certain revenue growth rates.

**Nareit Funds From Operations, as defined by the National Association of Real Estate Investment Trusts ("Nareit"), Attributable to American Tower Corporation Common Stockholders:** Net income before gains or losses from the sale or disposal of real estate, real estate related impairment charges, real estate related depreciation, amortization and accretion less dividends to noncontrolling interests, and including adjustments for (i) unconsolidated affiliates and (ii) noncontrolling interests. The Company believes this measure provides valuable insight into the operating performance of its property assets by excluding the charges described above, particularly depreciation expenses, given the high initial, up-front capital intensity of the Company's operating model. In addition, it is a widely used performance measure across the telecommunications real estate sector.

**Net Leverage Ratio:** Net debt (total long-term debt, including current portion, and for periods beginning in the first quarter of 2019, finance lease liabilities, less cash and cash equivalents) divided by the quarter's annualized Adjusted EBITDA (the quarter's Adjusted EBITDA multiplied by four). The Company believes that including this calculation is important for investors and analysts given it is a critical component underlying its credit agency ratings.

**NOI Yield:** The percentage that results from dividing gross margin by total investment.

# Definitions

(continued)

---

**New Site Tenant Billings:** Day-one Tenant Billings associated with sites that have been built or acquired since the beginning of the prior-year period. Incremental colocations/amendments, escalations or cancellations that occur on these sites after the date of their addition to our portfolio are not included in New Site Tenant Billings. The Company believes providing New Site Tenant Billings enhances an investor's ability to analyze the Company's existing real estate portfolio growth as well as its development program growth, as the Company's construction and acquisition activities can drive variability in growth rates from period to period.

**New Site Tenant Billings Growth:** The portion of Tenant Billings Growth attributable to New Site Tenant Billings. The Company believes this measure provides valuable insight into the growth attributable to Tenant Billings from recently acquired or constructed properties. The Company believes this measure provides valuable insight into the growth attributable to Tenant Billings from recently acquired or constructed properties.

**Organic Tenant Billings:** Tenant Billings on sites that the Company has owned since the beginning of the prior-year period, as well as Tenant Billings activity on new sites that occurred after the date of their addition to the Company's portfolio.

**Organic Tenant Billings Growth:** The portion of Tenant Billings Growth attributable to Organic Tenant Billings. The Company believes that organic growth is a useful measure of its ability to add tenancy and incremental revenue to its assets for the reported period, which enables investors and analysts to gain additional insight into the relative attractiveness, and therefore the value, of the Company's property assets.

**Segment Gross Margin:** Revenues less operating expenses, excluding depreciation, amortization and accretion, selling, general, administrative and development expense and other operating expenses. Prior to the first quarter of 2021, stock-based compensation expense recorded in costs of operations was also excluded. The Company believes this measure provides valuable insight into the site-level profitability of its assets.

**Segment Operating Profit:** Segment gross margin less segment selling, general, administrative and development expense attributable to the segment, excluding stock-based compensation expense and corporate expenses.

**Return on Invested Capital:** Adjusted EBITDA less maintenance capital expenditures and corporate capital expenditures and cash taxes, divided by gross property, plant and equipment, intangible assets and goodwill (excluding the impact of recording deferred tax adjustments related to valuation).

**Straight-line expenses:** We calculate straight-line ground rent expense for our ground leases based on the fixed non-cancellable term of the underlying ground lease plus all periods, if any, for which failure to renew the lease imposes an economic penalty to us such that renewal appears, at the inception of the lease, to be reasonably assured. Certain of our tenant leases require us to exercise available renewal options pursuant to the underlying ground lease, if the tenant exercises its renewal option. For towers with these types of tenant leases at the inception of the ground lease, we calculate our straight-line ground rent over the term of the ground lease, including all renewal options required to fulfill the tenant lease obligation.

**Straight-line revenues:** Under GAAP, the Company recognizes revenue on a straight-line basis over the term of the contract for certain of its tenant leases. Due to the Company's significant base of non-cancellable, long-term tenant leases, this can result in significant fluctuations in growth rates upon tenant lease signings and renewals (typically increases), when amounts billed or received upfront upon these events are initially deferred. These signings and renewals are only a portion of the Company's underlying business growth and can distort the underlying performance of our Tenant Billings Growth. As a result, the Company believes that it is appropriate to provide insight into the impact of straight-line revenue on certain growth rates in revenue and select other measures.

**Tenant Billings:** The majority of the Company's revenue is generated from non-cancellable, long-term tenant leases. Revenue from Tenant Billings reflects several key aspects of the Company's real estate business: (i) "colocations/amendments" reflects new tenant leases for space on existing sites and amendments to existing leases to add additional tenant equipment; (ii) "escalations" reflects contractual increases in billing rates, which are typically tied to fixed percentages or a variable percentage based on a consumer price index; (iii) "cancellations" reflects the impact of tenant lease terminations or non-renewals or, in limited circumstances, when the lease rates on existing leases are reduced; and (iv) "new sites" reflects the impact of new property construction and acquisitions.

**Tenant Billings Growth:** The increase or decrease resulting from a comparison of Tenant Billings for a current period with Tenant Billings for the corresponding prior-year period, in each case adjusted for foreign currency exchange rate fluctuations. The Company believes this measure provides valuable insight into the growth in recurring Tenant Billings and underlying demand for its real estate portfolio.

# Risk Factors

---

This presentation contains “forward-looking statements” concerning our goals, beliefs, expectations, strategies, objectives, plans, future operating results and underlying assumptions and other statements that are not necessarily based on historical facts and are inherently uncertain. We have based those forward-looking statements on our current expectations and projections about future results. Examples of these statements include, but are not limited to, statements regarding our full year 2023 outlook and other targets, statements regarding VIL in India, projected dividend growth, foreign currency exchange rates, our expectations regarding the potential impacts of the Adjusted Gross Revenue court ruling in India, including impacts on our customers’ payments, and factors that could affect such expectations. Actual results may differ materially from those indicated in our forward-looking statements as a result of various important factors, including: (1) a significant decrease in leasing demand for our communications infrastructure would materially and adversely affect our business and operating results, and we cannot control that demand; (2) a substantial portion of our revenue is derived from a small number of customers, and we are sensitive to adverse changes in the creditworthiness and financial strength of our customers; (3) if our customers consolidate their operations, exit their businesses or share site infrastructure to a significant degree, our growth, revenue and ability to generate positive cash flows could be materially and adversely affected; (4) increasing competition within our industry may materially and adversely affect our revenue; (5) our expansion initiatives involve a number of risks and uncertainties, including those related to integrating acquired or leased assets, that could adversely affect our operating results, disrupt our operations or expose us to additional risk; (6) new technologies or changes, or lack thereof, in our or a customer’s business model could make our communications infrastructure leasing business less desirable and result in decreasing revenues and operating results; (7) competition for assets could adversely affect our ability to achieve our return on investment criteria; (8) our leverage and debt service obligations, including during a rising interest rates environment, may materially and adversely affect our ability to raise additional financing to fund capital expenditures, future growth and expansion initiatives and to satisfy our distribution requirements; (9) rising inflation may adversely affect us by increasing costs beyond what we can recover through price increases; (10) restrictive covenants in the agreements related to our securitization transactions, our credit facilities and our debt securities could materially and adversely affect our business by limiting flexibility, and we may be prohibited from paying dividends on our common stock, which may jeopardize our qualification for taxation as a REIT; (11) we may be adversely affected by changes in LIBOR reporting practices, the method in which LIBOR is determined or the use of alternative reference rates; (12) our business, and that of our customers, is subject to laws, regulations and administrative and judicial decisions, and changes thereto, that could restrict our ability to operate our business as we currently do or impact our competitive landscape; (13) our foreign operations are subject to economic, political and other risks that could materially and adversely affect our revenues or financial position, including risks associated with fluctuations in foreign currency exchange rates; (14) we may be adversely affected by regulations related to climate change; (15) if we fail to remain qualified for taxation as a REIT, we will be subject to tax at corporate income tax rates, which may substantially reduce funds otherwise available, and even if we qualify for taxation as a REIT, we may face tax liabilities that impact earnings and available cash flow;

# Risk Factors

*(continued)*

---

(16) complying with REIT requirements may limit our flexibility or cause us to forego otherwise attractive opportunities; (17) we could have liability under environmental and occupational safety and health laws; (18) our towers, fiber networks, data centers or computer systems may be affected by natural disasters (including as a result of climate change) and other unforeseen events for which our insurance may not provide adequate coverage or result in increased insurance premiums; (19) if we, or third parties on which we rely, experience technology failures, including cybersecurity incidents or the loss of personally identifiable information, we may incur substantial costs and suffer other negative consequences, which may include reputational damage; (20) our costs could increase and our revenues could decrease due to perceived health risks from radio emissions, especially if these perceived risks are substantiated; (21) if we are unable to protect our rights to the land under our towers and buildings in which our data centers are located, it could adversely affect our business and operating results; and (22) if we are unable or choose not to exercise our rights to purchase towers that are subject to lease and sublease agreements at the end of the applicable period, our cash flows derived from those towers will be eliminated. For additional information regarding factors that may cause actual results to differ materially from those indicated in our forward-looking statements, we refer you to the information provided in Item 1A of our Form 10-K for the year ended December 31, 2022, each under the caption “Risk Factors.” We undertake no obligation to update the information contained in this presentation to reflect subsequently occurring events or circumstances.

(1) Includes one-time net positive impacts to 2018 Adjusted EBITDA and Consolidated AFFO related to the Company's settlement with Tata in Q4 2018.

(2) In Q2 2019, the Company made a capitalized interest payment of approximately \$14 million associated with the purchase of the shareholder loan previously held by its joint venture partner in Ghana. In Q1 2020, the Company made a capitalized interest payment of approximately \$63 million associated with the acquisition of MTN's redeemable noncontrolling interests in each of its joint ventures in Ghana and Uganda. In each case, the deferred interest was previously expensed but excluded from Consolidated AFFO.

(3) 2015 excludes a one-time GTP cash tax charge. FY 2022 and Q12022 exclude one-time GTP cash tax charge.

# Current 2023 Outlook Reconciliations<sup>(1)(2)</sup>

(\$ in millions, except share and per share data, totals may not add due to rounding)

Reconciliations of Outlook for Adjusted EBITDA to Net Income:			
	Full Year 2023		
Net income	\$1,770	to	\$1,880
Interest expense	1,395	to	1,375
Depreciation, amortization and accretion	3,080	to	3,100
Income tax provision	221	to	231
Stock-based compensation expense	187	-	187
Other, including other operating expenses, interest income, gain (loss) on retirement of long-term obligations and other income (expense)	207	to	197
