PROXY STATEMENT FOR THE 2004 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 6, 2004

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of American Tower Corporation, a Delaware corporation, for use at the 2004 Annual Meeting of Stockholders to be held on May 6, 2004, or any adjournments or postponements thereof.

We are mailing this Proxy Statement together with our Annual Report to Stockholders for the year ended December 31, 2003, on or about April 5, 2004. Our Annual Report to Stockholders includes a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2003, as filed with the Securities and Exchange Commission, or SEC, on March 12, 2004, except that exhibits are excluded.

Record Date, Voting Rights and Outstanding Shares

The Board of Directors has fixed March 30, 2004 as the record date for determining holders of our Common Stock who are entitled to vote at the Annual Meeting.

With respect to the matters submitted for vote at the Annual Meeting, each share of Class A Common Stock is entitled to one vote. On March 30, 2004, 221,086,441 shares of our Class A Common Stock were outstanding and entitled to vote. In February 2004, all outstanding shares of Class B Common Stock were converted into shares of Class A Common Stock on a one-for-one basis pursuant to the occurrence of the “Dodge Conversion Event” as defined in our charter. Also in February 2004, all outstanding shares of Class C Common Stock were voluntarily converted into shares of Class A Common Stock on a one-for-one basis by the holders of such shares.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Class A Common Stock issued and outstanding on March 30, 2004, will constitute a quorum for the transaction of business. We will count votes withheld, abstentions and broker non-votes for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting.

Stockholders who do not attend the Annual Meeting in person may submit proxies by mail or over the Internet. Proxies in the enclosed form and proxies properly submitted over the Internet, if received in time for voting and not revoked, will be voted at the Annual Meeting in accordance with the instructions contained therein. If no instructions are indicated, the shares represented by the proxy will be voted:

- **FOR** the election of the Director nominees named herein;
- **FOR** the ratification of the selection of Deloitte & Touche LLP as our independent auditors for fiscal year 2004; and
- In accordance with the judgment of the proxy holders as to any other matter that may be properly brought before the Annual Meeting, or any adjournments or postponements thereof.

We will not count shares that abstain from voting on a particular matter, and shares held in “street name” by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote the shares

[Table of Contents](#)

as to a particular matter (“broker non-votes”), as votes in favor of such matter. We will also not count them as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of voting on the matters to be voted on at the Annual Meeting that require the affirmative vote of a certain percentage or a plurality of the votes cast on a matter.

Voting of Proxies

You may vote by any one of the following means:

- by mail;
- over the Internet; or
- in person, at the Annual Meeting.

To vote by mail, sign, date and complete the enclosed proxy card and return it in the enclosed self-addressed envelope. No postage is necessary if the proxy card is mailed in the United States. Instructions for voting over the Internet can be found on your proxy card. If you hold your shares through a bank, broker or other nominee, it will give you separate instructions for voting your shares.

Revocability of Proxies

Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. You may revoke the proxy by filing an instrument of revocation or a duly executed proxy bearing a later date with our Secretary, at our principal executive offices, 116 Huntington Avenue, Boston, Massachusetts 02116. You may revoke a proxy submitted over the Internet and submit a new proxy in its place in accordance with the instructions set forth on the Internet voting website. You may also revoke a proxy by attending the Annual Meeting and voting in person. If not revoked, we will vote the proxy at the Annual Meeting in accordance with your instructions indicated on the proxy card or, if submitted over the Internet, as indicated on the submission.

Solicitation

We will bear all costs of solicitation of proxies. In addition to solicitations by mail, our Directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, telecopy and personal interviews. We will request brokers, banks, custodians and other fiduciaries to forward proxy soliciting material to the beneficial owners of stock they hold of record. We will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of the proxy materials.

CORPORATE GOVERNANCE

General

The role of our Board of Directors is to ensure that the Company is managed for the long-term benefit of our stockholders and other stakeholders. To fulfill this role, the Board has adopted corporate governance principles to assure full and complete compliance with all applicable corporate governance standards. In addition, the Board has established reporting protocols to ensure that the Board is informed regarding the Company's activities and periodically reviews, and advises management with respect to, the Company's annual operating plans and strategic initiatives.

During the past year, we have continued to review our corporate governance policies and practices and to compare them to those suggested by various authorities in corporate governance and the practices of other public companies. We have also continued to review the provisions of the Sarbanes-Oxley Act of 2002, the new and proposed rules of the SEC and the new listing standards of the New York Stock Exchange, or NYSE.

Based on this review, in February 2004, the Board of Directors adopted restated Corporate Governance Guidelines and a restated charter for our Nominating and Corporate Governance Committee. You can access our current committee charters, Corporate Governance Guidelines and Code of Conduct in the "Investors" section of our website, www.americantower.com, or by writing to: Anne Alter, Vice President of Finance, Investor Relations, American Tower Corporation, 116 Huntington Avenue, Boston, Massachusetts 02116.

Determination of Independence

Under NYSE rules, a Director of the Company only qualifies as "independent" if the Board of Directors affirmatively determines that the Director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Board has established guidelines to assist it in determining whether a Director has a material relationship with the Company under NYSE rules. Under these guidelines, a Director is not considered to have a material relationship with the Company solely on the grounds that he or she:

- is an executive officer or an employee, or has an immediate family member who is an executive officer, of a company that makes payments to, or receives payments from, American Tower for property or services, unless the amount of such payments or receipts, in any of the three fiscal years preceding the determination, exceeded the greater of \$1 million or two percent (2%) of such other company's consolidated gross revenues; or
- is an executive officer of another company which is indebted to American Tower, or to which American Tower is indebted, unless the total amount of either company's indebtedness to the other is more than five percent (5%) of the total consolidated assets of the company for which he or she serves as an executive officer; or
- is a director of another company that does business with American Tower, provided that he or she owns less than five percent (5%) of the outstanding capital stock of the other company and recuses himself or herself from any deliberations of American Tower with respect to such other company; or
- serves as an executive officer of a charitable organization, unless American Tower's charitable contributions to the organization, in any of the three fiscal years preceding the determination, exceeded the greater of \$1 million or 2% of such charitable organization's consolidated gross revenues.

In addition, ownership of a significant amount of the Company's stock, by itself, does not constitute a material relationship.

For relationships not covered by the guidelines set forth above, the determination of whether a material relationship exists is made by the other members of the Board who are independent (as defined above).

[Table of Contents](#)

The Board has determined that each of Mr. Dolan, Mr. Lummis, Ms. Katz, Ms. Reeve and Ms. Wilderotter is “independent” under Section 303A.02(b) of the NYSE listing standards because none of them has a material relationship with the Company.

Director Candidates

The Nominating and Corporate Governance Committee works with the Board of Directors on an annual basis to determine the appropriate characteristics, skills and experience of the Board as a whole and its individual members. The process followed by the Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board of Directors. In considering whether to recommend any particular candidate for inclusion in the Board’s slate of recommended director nominees, the Committee will apply the criteria set forth in the Company’s Corporate Governance Guidelines. These criteria include a candidate’s general understanding of marketing, finance and other elements relevant to the success of a large publicly traded company in today’s business environment, understanding of the Company’s business, and educational and professional background. The Committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend a Director for re-election, the Nominating and Governance Committee also considers the Director’s past attendance at meetings and participation in and contributions to the activities of the Board.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials to the “American Tower Nominating and Corporate Governance Committee” c/o General Counsel, American Tower Corporation, 116 Huntington Avenue, Boston, Massachusetts 02116. Assuming that appropriate biographical and background material is provided for candidates recommended by stockholders, the Nominating and Corporate Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by Board members.

Communications from Stockholders and Other Interested Parties

The Board will give appropriate attention to written communications submitted by stockholders and other interested parties, and will respond if and as appropriate. Absent unusual circumstances or as otherwise contemplated by committee charters, the Chairperson of the Nominating and Corporate Governance Committee will, with the assistance of the Company’s General Counsel, (1) be primarily responsible for monitoring communications from stockholders and (2) provide copies or summaries of such communications to the other Directors as he or she considers appropriate. Communications will be forwarded to all Directors if they relate to substantive matters and include suggestions or comments that the Chairperson of the Nominating and Corporate Governance Committee considers to be important for the Directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters covered by repetitive or duplicative communications.

Stockholders and other interested parties who wish to send communications on any topic to the Board should address such communications to Pamela D.A. Reeve, Chairperson of the Nominating and Corporate Governance Committee, c/o General Counsel, American Tower Corporation, 116 Huntington Avenue, Boston, Massachusetts 02116.

Board of Directors Meetings and Committees

During the fiscal year ended December 31, 2003, our Board held four regular meetings. Each of the current Directors who was then in office attended at least 75% of the aggregate number of meetings of our Board and all of its committees on which that Director served. One Director attended our 2003 Annual Meeting of Stockholders. We encourage, but do not require, Directors to attend the annual stockholders meeting. The Board currently has the following committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each Committee has a charter that has been approved by the Board. All of the current members of each of the Board's three standing committees are independent as defined under the new rules of the NYSE that become applicable to us on the date of the Annual Meeting, including, in the case of all members of the Audit Committee, the additional independence requirements of Rule 10A-3 under the Securities Exchange Act of 1934. In addition, all of the members of the Audit Committee are independent as defined by the rules of the NYSE that apply to us until the date of the Annual Meeting. On or before the expiration of Ms. Wilderotter's term, the Board expects to appoint another member of the Board to replace Ms. Wilderotter on each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

Executive sessions of "non-management" Directors, as defined under the rules of the NYSE, are held at least four times a year. Any non-management Director can request that an additional executive session be scheduled. For each executive session, the non-management Directors appoint a non-management Director to serve as chairperson.

Audit Committee. Our Audit Committee consists of Mr. Lummis (Chairperson), Ms. Wilderotter and Ms. Reeve. Each of Mr. Lummis and Ms. Reeve is an "audit committee financial expert" under the rules of the SEC and has the accounting and/or related financial management expertise required under the rules of the NYSE. In addition, our Board of Directors has determined that each member of the Audit Committee is financially literate. None of the members serve on the audit committees of more than two other public companies. During the fiscal year ended December 31, 2003, the Audit Committee held nine meetings. The meetings were designed to facilitate and encourage communications between members of the Audit Committee, our internal auditors, and our independent auditors, Deloitte & Touche LLP. Our Audit Committee oversees management's conduct of our financial reporting processes and meets privately, outside the presence of management, with our auditors to discuss our internal accounting controls and policies and procedures. This includes the selection and evaluation of our independent auditors, the oversight of our systems of internal accounting and financial controls, the review of the annual independent audit of our financial statements, the review of our financial disclosures, the review of the Company's Code of Conduct, the establishment of "whistle-blowing" procedures, and the oversight of other compliance matters.

Compensation Committee. Our Compensation Committee consists of Ms. Wilderotter (Chairperson) and Mr. Dolan, who became a member in February 2003. Mr. Chavkin served on this committee until January 2004 and Ms. Reeve served on this committee from May 2002 through February 2003. During the fiscal year ended December 31, 2003, the Compensation Committee held four meetings. The primary responsibilities of the Compensation Committee are to assist the Board in establishing compensation policies for the Board and the Company's executive officers, including approval of any employment agreements or arrangements with executive officers. This committee also is responsible for administering the Company's stock option plans and approving any proposed amendments or modifications to our Amended and Restated 1997 Stock Option Plan (the "Stock Option Plan").

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee consists of Ms. Reeve (Chairperson), Mr. Dolan and Ms. Wilderotter. Mr. Chavkin served on this committee until January 2004. During the fiscal year ended December 31, 2003, the Nominating and Corporate Governance Committee held four meetings. This committee assists the Board by establishing performance criteria for the annual evaluation of the Board and its committees and identifying and recommending qualified individuals to serve on the Board and its committees. In addition, this committee assists the Board in developing and

recommending Corporate Governance Guidelines (including the appropriate size, composition and responsibilities of the Board and its committees), and generally advises the Board with respect to Board committee charters, composition and protocol.

Audit Committee Report

The Audit Committee of the Company's Board of Directors is composed of three members and acts under a written charter as amended and restated in February 2003. The members of the Audit Committee are independent Directors, as required by the Audit Committee Charter, and as defined by the rules of the NYSE and the SEC. The Audit Committee held nine meetings during the fiscal year ended December 31, 2003.

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2003 and discussed these financial statements with the Company's management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors, Deloitte & Touche LLP, are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and for issuing a report on the financial statements. The Audit Committee's responsibility is to monitor and review these processes. The Audit Committee also reviewed and discussed with Deloitte & Touche LLP the audited financial statements and the matters required by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees).

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, to confirm their independence and to engage in a discussion of independence. The Audit Committee also considered whether the independent auditors' provision of other, non-audit related services to the Company is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

By the Audit Committee of the Board of Directors of American Tower Corporation.

Audit Committee Pre-approval Policy and Procedures. The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent auditor. This policy generally provides that we will not engage our independent auditor to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent auditor during the next twelve months. Any such pre-approval is detailed as to the particular service or type of services to be provided. The Audit Committee may also delegate to any member of the Audit Committee the authority to approve any audit or non-audit services to be provided by our independent auditor. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

The Audit Committee approved all of the services described above in accordance with its pre-approval policies and procedures.

Certain Relationships and Related Party Transactions

In October 2001, we consummated the sale of an 8.7% interest in ATC Mexico Holding Corp. (ATC Mexico) to J. Michael Gearon, Jr., President of American Tower International, for \$8.4 million. Giving effect to the January 2004 exercise of options described below, we currently own an 88% interest in ATC Mexico, which is the subsidiary through which we conduct our Mexico operations. Mr. Gearon paid \$1.7 million in cash and paid the remaining portion of the purchase price with a 7% secured note due 2010 in the principal amount of \$6.7 million. The note, which accrues interest and is payable quarterly, is secured by certain shares of our Class A Common Stock owned by Mr. Gearon and his interest in ATC Mexico. The purchase price represented the fair market value of an 8.7% interest in ATC Mexico on the date of the sale as determined by an independent appraiser. Pursuant to the terms of our stockholder agreement with Mr. Gearon, he may require us to purchase his interest in ATC Mexico, for its then fair market value, any time after the soonest to occur of July 1, 2004, a change in control (as defined in the stockholder agreement), or Mr. Gearon's death or disability. In January 2003, as a result of the occurrence of a change in control, Mr. Gearon's right to require us to purchase his interest in ATC Mexico was accelerated and became exercisable.

In January 2004, Mr. Gearon exercised his right to require us to purchase his interest in ATC Mexico. As contemplated under the stockholder agreement, in March 2004 our Board of Directors approved the determination of the fair market value of Mr. Gearon's interest, which valuation was reviewed by an independent financial advisor. Based on this valuation, the net consideration (i.e., after repayment of Mr. Gearon's loan from the Company) payable to Mr. Gearon is approximately \$36.3 million. At our option, we may pay this amount in cash or shares of our Class A Common Stock. The number of shares will be determined based on a price of \$11.30 per share, which was the closing price of our Class A Common Stock on the NYSE on March 18, 2004, and the number of shares issuable to Mr. Gearon will not change if the market price of our Class A Common Stock changes. In early April 2004, we intend to issue to Mr. Gearon approximately 2,204,000 shares of our Class A Common Stock and pay to Mr. Gearon approximately \$4.2 million in cash in satisfaction of 80% of the net consideration due to him. Payment of the remaining 20% of the purchase price is contingent upon ATC Mexico satisfying certain performance criteria and will be paid, if at all, in January 2005.

The remaining 3.3% interest in ATC Mexico was reserved for issuance upon exercise of options granted to certain employees under the ATC Mexico Stock Option Plan (ATC Mexico Plan). The ATC Mexico Plan was approved by our Compensation Committee in May 2002, at which time options to acquire the remaining 3.3% interest were granted. These options became exercisable upon the exercise of Mr. Gearon's put right, and were exercised in January 2004 by all optionees, including William H. Hess, our Executive Vice President and General Counsel, who exercised an option to purchase 144 shares of common stock of ATC Mexico for an aggregate exercise price of \$1.44 million. The employees who exercised these options may require us to purchase their interests in ATC Mexico six months following the issuance of the ATC Mexico shares, which date will occur in July 2004, subject to our withholding 20% of the purchase price until January 2005 as described above. Any such purchases will be based on the March 2004 valuation and we intend to satisfy our obligation by issuing shares of our Class A Common Stock. The number of shares of our Class A Common Stock that may be issued in exchange for the ATC Mexico shares will be determined based on a price of \$11.30 per share, and will not change if the market price of our Class A Common Stock changes. As a result of the exercise of his options, Mr. Hess owns a 1.4% interest in ATC Mexico. At any time after July 14, 2004, Mr. Hess may require us to purchase his interest in exchange for approximately 622,000 shares of our Class A Common Stock, subject to the 20% holdback described above.

As disclosed in our Proxy Statement for the 2001 Annual Meeting of Stockholders, in 2001 we negotiated an arrangement with Mr. Gearon pursuant to which he would purchase an equity interest in certain of our international subsidiaries, including ATC South America Holding Corp. (ATC South America), the subsidiary through which we conduct our Brazilian operations. Consistent with this arrangement, in January 2004 we entered into an agreement to sell Mr. Gearon a 1.68% interest in ATC South America for approximately \$1.0 million in cash. The purchase price represented the fair market value of a 1.68% interest in ATC South America

Table of Contents

on the date of the agreement, as determined by an independent appraiser. Mr. Gearon may require us to purchase his interest in ATC South America, for its then fair market value, at any time after the earliest to occur of December 31, 2004 or Mr. Gearon's death or disability, and we have the right to purchase Mr. Gearon's interest in ATC South America, for its then fair market value, at any time after the earliest to occur of December 31, 2005, Mr. Gearon's death or disability, or the occurrence of either a Gearon Termination Event or a Forfeiture Event (each as defined in our stockholder agreement with Mr. Gearon).

As part of Mr. Gearon's investment, ATC South America's Board of Directors also approved the formation of the ATC South America Stock Option Plan, which provides for the issuance of options to purchase up to an aggregate 10.32% interest in ATC South America to officers, employees, directors and consultants of ATC South America, including Mr. Gearon. In the first quarter of 2004, ATC South America granted 6,027 options to purchase shares of ATC South America common stock to officers and employees, including Messrs. Gearon and Hess, who received options to purchase shares representing a 6.72% and 1.6% interest, respectively. The exercise price per share is \$1,000, which was the fair market value per share at the time of grant based on the independent appraisal referred to above. Options granted vest upon the earliest to occur of the exercise by Mr. Gearon of his right to require the Company to purchase his interest in ATC South America, or the exercise by the Company of its right to acquire Mr. Gearon's interest in ATC South America, and expire ten years from the date of grant. The employees holding shares of ATC South America also may require the Company to purchase their interests in ATC South America, at its then fair market value, six months following their issuance.

William H. Hess, our Executive Vice President and General Counsel, received a \$75,000 demand loan from us in March 2001, which was outstanding as of December 31, 2003. Interest on the loan does not accrue until demand, at which time such accrued interest is at the prime rate.

Bradley E. Singer, our Chief Financial Officer and Treasurer, received a \$180,000 demand loan from us in 2001, \$90,000 of which was repaid in December 2002 and the remaining \$90,000 of which was repaid in June 2003.

During the past several years, we retained several wholly owned subsidiaries of Nordblom Co. Inc. to provide various real estate services in connection with our acquisition, financing, ownership and leasing of several properties. Two brothers and the father of the wife of our former Chief Executive Officer (Mr. Dodge) own the controlling interest of Nordblom Co. Inc. and Nordic Properties, an affiliate of Nordblom. Mr. Dodge's wife has no interest in Nordblom Co. Inc. or Nordic Properties and Mr. Dodge was not involved in the negotiation of any of the arrangements. We paid the Nordblom companies, including Nordic Properties, an aggregate of \$151,000 in 2003. We believe that all of the arrangements with the Nordblom companies are on terms and conditions that are customary in the industry and at least as favorable to us as could be obtained from an unrelated real estate management company.

In December 2002, in connection with a potential financing transaction between us and SPO Partners II, LP (SPO), we entered into a letter agreement with SPO, which at the time was a holder of more than 5% of our Class A Common Stock. The agreement provided for a \$2.0 million break-up fee (plus expenses) payable to SPO in the event that we consummated an alternative financing transaction. As a result of our 12.25% senior subordinated discount notes and warrants offering in January 2003, we paid the \$2.0 million break-up fee to SPO and reimbursed their related expenses during the year ended December 31, 2003.

COMPENSATION AND OTHER INFORMATION CONCERNING DIRECTORS AND OFFICERS

Director Compensation

In 2003, our standard compensatory arrangement with our non-employee Directors was as follows: a \$40,000 annual payment, paid on a quarterly basis, for serving on the Board, and an additional \$10,000 annual payment for serving as the chairperson of a Board committee. In addition, Directors are eligible to receive options to purchase shares of our Class A Common Stock, although no grants were made to Directors during 2003 except for a grant to Mr. Dolan of an option to purchase 25,000 shares in connection with his election to the Board in February 2003. The option granted to Mr. Dolan was immediately exercisable for 100% of the underlying shares and will expire ten years from the date of grant.

This evergreen provision was approved by our stockholders at our Annual Meeting of Stockholders in May 2001.

Compensation Committee Report

The Compensation Committee of the Board provides overall guidance for the Company's executive compensation policies and the administration of the Company's Stock Option Plan. The current members of the Compensation Committee are Ms. Wilderotter (Chairperson) and Mr. Dolan. Arnold L. Chavkin also served on the Committee during 2003, but resigned from the Board of Directors effective January 13, 2004. The Board intends to elect another member of the Board to the Committee at or before its next regular meeting on May 7, 2004. Each member of the Committee is an independent Director as determined by our Board of Directors, based upon the NYSE listing guidelines. This report relates to the Company's compensation policy for its executive officers, including the Named Executive Officers, for the year ended December 31, 2003.

The Committee believes that the quality, capabilities and commitment of the Company's senior management are critical factors affecting the long-term value of the Company. Accordingly, the Company's executive compensation policy is designed to: (1) attract, motivate and retain the highest quality executive officers, (2) reward those officers for superior performance, and (3) establish an appropriate relationship between executive pay and the creation of long-term stockholder value. To achieve these goals, the Company's executive compensation policy supplements annual base compensation with an opportunity to earn bonuses based upon corporate performance and factors related to each individual's performance. In addition, the policy combines cash compensation with long-term incentive compensation in the form of stock option grants under the Company's Stock Option Plan.

Corporate performance is measured primarily based upon objective data concerning the Company's financial performance in light of industry conditions and the Company's performance compared to the performance of its competitors. The performance of individual executives is evaluated on the basis of both pre-determined performance goals for the Company and factors related to the contributions of each individual. The Committee also may consider other strategic achievements, including improved operating efficiencies and customer and employee satisfaction. As in prior years, the Committee's final determination as to any executive officer's performance for the year is based upon its assessment of the executive's achievement of certain goals and objectives and his or her potential to enhance long-term stockholder value, and is not based upon rigid guidelines or formulas or short-term changes in the Company's stock price.

In establishing the total compensation package for each year and in considering appropriate performance measures, the Committee also reviews compensation practices for executives in comparable positions at a peer group of other companies in the tower and wireless telecommunications industries. This peer group may change

[Table of Contents](#)

from year to year depending on changes in the marketplace and the business focus of the Company, and generally will not correspond to the list of companies comprising the peer group used in the stock performance graph in this proxy statement. For 2003, the peer group used by the Committee consisted of the following companies, among others: Crown Castle International, SpectraSite Holdings, SBA Communications, Nextel Partners, Western Wireless, Triton PCS, and Lightbridge, Inc. Total compensation for all employees, including executive officers, generally is targeted at median levels for the peer group of companies.

Based on the factors and policy described above, the Compensation Committee determined the total compensation, including option grants, for each of the Named Executive Officers for 2003 as detailed in the Summary Compensation Table. The Committee based its determination primarily on the Company's financial performance relative to its competitors, the achievement of certain strategic goals established for 2003, and each individual's contribution to the Company's overall performance and the achievement of these goals. In addition, during 2003 we continued our policy, adopted in 2002, of increasing total compensation for executive officers to median levels for the peer group of companies, and increased the percentage of total compensation tied to Company and individual performance to align more closely executive compensation with the creation of long-term value for stockholders.

The general policies and guidelines described above for the compensation of executive officers also apply to the compensation determinations made with respect to Mr. Dodge as the Company's Chief Executive Officer prior to his retirement in October 2003, and to Mr. Taiclet, who was named Chief Executive Officer upon Mr. Dodge's retirement. In addition, the Committee believed that it was appropriate to adopt a retirement plan for Mr. Dodge in recognition of his significant contributions to the Company, and for his leadership and impact on the Company as its founder and first Chairman and Chief Executive Officer. Pursuant to the retirement plan, Mr. Dodge received a lump-sum payment of \$1.365 million in December 2003. In addition to the retirement plan compensation, in November 2003, the Committee granted an immediately exercisable option to Mr. Dodge to purchase 300,000 shares of the Company's Class A Common Stock.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid in any year to a company's chief executive officer and the four other most highly compensated officers. Certain compensation, including qualified performance based compensation, will not be subject to the deduction limitation if certain requirements are met. Although the Compensation Committee has not adopted any specific policy with respect to the application of Section 162(m), the Committee generally seeks to structure any long-term incentive compensation granted to the Company's executive officers in a manner that is intended to avoid disallowance of deductions under Section 162(m).

Employment and Severance Arrangements

In October 2003, Mr. Dodge announced his retirement as our Chief Executive Officer. In connection with his retirement, we adopted a retirement plan providing for the lump-sum payment of \$1.365 million to Mr. Dodge and non-competition and non-solicitation agreements. In addition to the retirement plan compensation, in November 2003 Mr. Dodge received an immediately exercisable option grant to purchase 300,000 shares of the Company's Class A Common Stock under our Stock Option Plan. In January 2004, we entered into an employment agreement with Mr. Dodge, pursuant to which Mr. Dodge will perform certain duties for us on a part-time basis, as specified by the terms of such agreement. In February 2004, Mr. Dodge retired from the Board of Directors.

In November 2003 and March 2004 (with respect to Mr. Gearon), we entered into letter agreements with each of Messrs. Gearon, Hess, Moskowitz and Singer relating to their employment with the Company. Pursuant to each letter agreement, we are required to provide severance benefits to the applicable executive officer if such officer is terminated without cause (as defined in the letter agreement) or terminates his employment for good reason (as defined in the letter agreement). If such a termination occurs, the executive is entitled to receive the following severance benefits: (1) bi-weekly payment of his then current salary for eighteen months following the date of termination, (2) a prorated target cash bonus for the year of termination, (3) continued health benefits for eighteen months following the date of termination (to run concurrent with COBRA coverage), and (4) a gross-up benefit to cover any taxes payable on the receipt of the severance benefits described in this paragraph pursuant to Sections 280G and 4999 of the Internal Revenue Code. In addition, each executive will be entitled to continued vesting and extension of the exercise period for any stock options held by the executive for the earlier of three years following the date of termination and the expiration of such options (except for Mr. Gearon, whose stock options will survive for the duration of the applicable vesting period unless he is terminated for cause). The foregoing severance benefits are contingent upon each executive signing a separation and release agreement in acceptable form, which would include customary non-compete and non-solicitation provisions restricting the executive's right to engage in the communications infrastructure business or soliciting certain employees for a period of time following termination.

In August 2001, we entered into a letter agreement with Mr. Taiclet in connection with his joining the Company. Pursuant to that letter, we agreed to pay Mr. Taiclet an initial annual salary of \$500,000 and an annual salary of \$550,000 for 2002, with any subsequent salary increases to be determined by our Compensation Committee. In 2002, Mr. Taiclet voluntarily agreed to forego his scheduled salary increase for 2002. We also agreed to grant Mr. Taiclet 500,000 options upon joining us, 175,000 options in the fourth quarter of 2002, and 175,000 options in the fourth quarter of each of 2003 and 2004. All such grants were or will be at fair market value on the date of issuance, subject to incremental vesting over a four year period and otherwise made in accordance with the terms of our Stock Option Plan. Pursuant to the letter agreement, Mr. Taiclet's options will fully vest if there is a change of control (as defined in the letter). The letter also provides Mr. Taiclet a severance of his then-current annual base salary and benefits package if (1) he is terminated other than for cause (as defined in the letter), (2) he leaves voluntarily after being asked to assume a position of lesser responsibility, or (3) he leaves due to a change of control.

PROPOSAL 2
RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected, and the Audit Committee and the Board of Directors recommend stockholder ratification of, the firm of Deloitte & Touche LLP as our independent auditors for the current year. Deloitte & Touche LLP has served as our independent auditors since our inception.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they so desire and will also be available to respond to appropriate questions from stockholders.

If the stockholders do not ratify the selection of Deloitte & Touche LLP as our independent auditors, the Audit Committee will reconsider their selection.

The Audit Committee and the Board of Directors recommend that the stockholders vote FOR the ratification of the selection of Deloitte & Touche LLP to serve as our independent auditors for the current fiscal year.

ADDITIONAL INFORMATION

Other Matters

The Board of Directors does not know of any other matters that may come before the Annual Meeting. However, if any other matters are properly presented at the meeting, it is the intention of the persons named in the accompanying proxy or their substitutes acting thereunder, to vote, or otherwise act, in accordance with their best judgment on those matters.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our Directors, executive officers and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC. Such officers, Directors and ten-percent stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) reports they file. We reviewed copies of the forms received by us or written representations from certain reporting persons that they were not required to file a Form 5. Based solely on that review, we believe that, during the fiscal year ended December 31, 2003, our officers, Directors and ten-percent stockholders complied with all Section 16(a) filing requirements applicable to them.

Proposals of Stockholders

Pursuant to Rule 14a-8 promulgated under the Securities Exchange Act of 1934, in order to be included in the proxy statement and form of proxy relating to our 2005 Annual Meeting, we must receive any proposals of stockholders intended to be presented at the meeting no later than December 6, 2004. In addition, any proposals must comply with the other requirements of Rule 14a-8.

If you wish to present a proposal before the 2005 Annual Meeting, but do not wish to have the proposal considered for inclusion in the proxy statement and proxy card, you must also give written notice to us at American Tower Corporation, 116 Huntington Avenue, Boston, Massachusetts 02116, Attention: Secretary. If you fail to deliver that notice so that the Secretary receives it on or before February 19, 2005, then proxies designated by the Board of Directors will have discretionary authority to vote on any such proposal.

Householding of Annual Meeting Materials

The SEC has also adopted a “householding” rule which we are implementing for current and future stockholder communications. This rule permits us to deliver a single proxy or information statement to a household, even though two or more stockholders live under the same roof or a stockholder has shares registered in multiple accounts. This rule enables us to reduce the expense of printing and mailing associated with proxy statements and reduces the amount of duplicative information you may currently receive. If this rule applies to you and you wish to continue receiving separate proxy materials without participating in the householding rule, please check the designated box on the enclosed proxy card. If we do not hear from you within 60 days, we will assume that we have your implied consent to deliver one set of proxy materials under the rule. This implied consent will continue for as long as you remain a stockholder of the Company, unless you inform us in writing otherwise at the following address: American Tower Corporation, c/o ADP Householding Department, 51 Mercedes Way, Edgewood, New York 11717. If you revoke your consent, we will begin sending separate copies within 30 days of the receipt of your revocation.

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. We will promptly deliver a separate copy of either document to you if you write or call our Director of Investor Relations at the following address or phone number: American Tower Corporation, 116 Huntington Avenue, Boston, Massachusetts 02116 (617-375-7500). If you wish to receive separate copies of the annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and phone number.

Electronic Access to Proxy-Related Materials and Annual Report to Stockholders

We offer our stockholders the opportunity to view future proxy statements and our annual report to stockholders through the Internet instead of receiving paper copies by the mail. If you are a registered stockholder you can choose this option by following the instructions on your form of proxy. Your consent to view these documents electronically instead of receiving paper copies will last until you revoke such consent, which you may do at any time by contacting us at the address above. If you choose to view future statements and reports electronically, you will continue to receive a proxy card for voting purposes only and will be provided with an Internet website where you can access these materials. If you hold your shares of Class A Common Stock through an intermediary (such as a bank or broker), please refer to the information provided by the intermediary on how to choose to view our proxy statements and annual reports through the Internet.

Annual Report on Form 10-K

A copy of our Form 10-K for the fiscal year ended December 31, 2003, as filed with the SEC, excluding exhibits, will be furnished without charge to any stockholder upon written request. Please write or call our Director of Investor Relations at the following address or phone number: American Tower Corporation, 116 Huntington Avenue, Boston, Massachusetts 02116 (617-375-7500).
